### The New Human Revolution Volume

The New Human Revolution is a novelized account of the history and development of the Soka Gakkai Buddhist organization by third Soka Gakkai president Daisaku Ikeda. The names of the characters have been fictionalized and Ikeda appears in the work as Shin'ichi Yamamoto. Ikeda began writing The New Human Revolution on August 6, 1993, and completed it on August 6, 2018.

The Neolithic Revolution, or the (First) Agricultural Revolution, was the wide-scale transition of many human cultures during the Neolithic period from a lifestyle of hunting and gathering to one of agriculture and settlement, making an increasingly large population possible. These settled communities permitted humans to observe and experiment with plants, learning how they grew and developed.

### Neolithic Revolution - Wikipedia

The Scientific Revolution was a series of events that marked the emergence of modern science during the early modern period, when developments in mathematics, physics, astronomy, biology (including human anatomy) and chemistry transformed the views of society about nature. The Scientific Revolution took place in Europe starting towards the end of the Renaissance period, with the 1543 Nicolaus ...
